

BUILD YOUR DIGITAL SKILLS

DLDE Course Schedule 2024-25

ON-DEMAND COURSES

Google Applied Digital Skills

Choose one or more Google Applied Digital Skills lessons that relate to your work, complete the lesson, apply what you learned, and reflect on the process.

Building Your Digital Skills

Assess your digital skill strengths and areas for growth, then work with a coach to improve.

Google Certified Educator Level 1

Integrate Google apps into your practice while preparing for the Google Certified Educator Level 1 exam.

Intro to Digital Literacy (Staff Induction Module)

Learn the definition of digital literacy in adult basic education and explore ways to integrate it into practice.

Intro to Workforce Prep Skills

Learn about the PA Foundation Skills and work with a student to use them to set an employment goal.

COURSES THAT START IN JANUARY

Improving Distance Learning Instruction

Improve instruction by focusing on communicating with students and selecting mobile-friendly resources.

Digital Routines Maker Space

Join a collaborative environment to learn about digital routines and create one for use in class.

Improving Real-Time Remote Instruction

Plan and facilitate a real-time remote lesson to help students enhance or extend their learning.
