

Percent and Change Lesson Plan

Lesson Overview

Topic	Lesson Information
Lesson Title:	Percent and Change
Lesson Author:	Deborah Tkach
Date Created:	June 21, 2022
Lesson Timeframe:	45 minutes
Content Area(s):	Math
General Topics/Skills Covered:	Percent and Changes in Percent
NRS Level(s):	Level 3, CCRS Standard Levels C and D
Prerequisite Skills:	Understand the concept of ratios. Know how to convert fractions, decimals, and percent.

Percent and Change Lesson Plan

Standards and Skills Addressed

Topic	Your Standards and Skills Addressed
College and Career Readiness Standards (CCRS):	<p><u>Standards for review of prerequisite skills:</u></p> <p>Understand the concept of a ratio and use ratio language to describe a ratio relationship between two quantities. (6.RP.1)</p> <p>Understand the concept of a unit rate a/b associated with a ratio $a:b$ with $b \neq 0$ and use rate language in the context of a ratio relationship. (6.RP.2)</p> <p><u>Standards for lesson:</u></p> <p>Use ratio and rate reasoning to solve real-world and mathematical problems. (6.RP.3)</p> <p>Find a percent of a quantity as a rate per 100 (e.g., 30% of a quantity means 30/100 times the quantity); solve problems involving finding the whole, given a part and the percent. (6.RP.3c)</p> <p>Use proportional relationships to solve multistep ratio and percent problems. (7.RP.3)</p>
English Language Proficiency Standards (ELPS (if applicable):	<p>N/A</p>
Target Grammar/Language Forms (for ESL):	<p>N/A</p>
Standards for Mathematical Practice:	<p>Reason abstractly and quantitatively.</p> <p>Attend to precision.</p> <p>Look for and express regularity in repeated reasoning.</p>

Percent and Change Lesson Plan

Topic	Your Standards and Skills Addressed
Foundation Skills Framework (Workforce Skills):	Applies mathematical operations, concepts, and reasoning.
Digital Literacy Skills (also see checklist below):	Skills practiced: <ul style="list-style-type: none"> - Navigating within a particular website - Clicking on links to access documents and videos - Answering multiple-choice questions digitally
Digital Literacy Skills Checklist:	<ul style="list-style-type: none"> <input type="checkbox"/> Are students taught how to find--and evaluate the validity of--online sources? Are they given an opportunity to practice doing so with different topics and for different tasks? <input type="checkbox"/> Are sufficient instructions given to students around the use of digital tools and is sufficient time provided to practice the use of tools? <input type="checkbox"/> Do students use digital tools to create and present products (e.g., papers, presentations, graphics)? <input type="checkbox"/> Are students provided with an opportunity to select and use appropriate technology to solve problems in class?

Objectives, Materials, Vocabulary, and Culturally Responsive Teaching

Topic	Your Objectives, Materials, Vocabulary, and Culturally Responsive Teaching
Lesson Objective(s):	By the end of the session, students should be able to earn at least an 80 percent on the assessment which will measure their ability to calculate answers using word problems about percent and changes to percent.
Lesson Objective Tips:	<ul style="list-style-type: none"> • Check it with SMART. (Is it Specific, Measurable, Achievable, Relevant, and Timely?)
Texts, Materials, Resources (also see checklist below):	<p>Students can use the lesson document to learn the material and do short practice exercises. At the end of the slides, students are asked if they want more practice or if they are ready to take the assessment. They are given the opportunity to do more practice using online worksheets that they can submit to the instructor. If they are ready to take the assessment, students can ask their instructor for the assessment link.</p> <p>Lesson: https://docs.google.com/presentation/d/1FXNPauGb1jFfd5js2pKqhRefAwzJSmcGAdSeuphvKiM/edit?usp=sharing</p> <p>Independent Practice:</p> <ul style="list-style-type: none"> • Student worksheets: Instructor will send pages 1-5 of the additional worksheet without the answers. • Teacher worksheets (with answers): https://www.cnm.edu/depts/tutoring/contact-tlcc/res/accuplacer/8_Math_550_Percent_Word_Problems_2_.pdf <p>Assessment: https://docs.google.com/forms/d/1688CwQT_J091B-YRusZjsSGAgqPzb7CaHztiKgejlRw/copy</p>
Texts, Materials, Resources Checklist:	<input type="checkbox"/> Are the recommended texts relevant to adult learners, culturally responsive, and useful for building knowledge and achieving the objectives?
Lesson Vocabulary:	Click or tap here to enter text.

Percent and Change Lesson Plan

Topic	Your Objectives, Materials, Vocabulary, and Culturally Responsive Teaching
Culturally Responsive Teaching Notes (also see checklist below):	Click or tap here to enter text.
Culturally Responsive Teaching Checklist:	<ul style="list-style-type: none"> <input type="checkbox"/> Is it evident that students will connect content to their own lives and to what they already know? <input type="checkbox"/> Do the student resources regularly include authors, images, and ideas from a range of racial, cultural, linguistic, gender, and (dis)ability representations and backgrounds, especially those of our students? <input type="checkbox"/> Do cultural representations and varied perspectives seem to be fair and accurate? Are stereotypes avoided?

Instructional Activities

Topic	Lesson Information
Lesson Introduction:	Students will review how to set up proportions and calculate answers to word problems.

Percent and Change Lesson Plan

Topic	Lesson Information
Lesson Introduction Tips:	<ul style="list-style-type: none"> • Explain how the lesson objectives will be shared with learners. • Make connections to learners' goals and prior and future lessons.
Lesson Body, Direct Instruction:	Students will read through a series of slides which explain how to perform mathematical operations to solve word problems on percents.
Lesson Body, Guided Practice:	Click or tap here to enter text.
Lesson Body, Independent Practice:	Students will be given the opportunity to complete practice questions as they proceed through the slides to ensure that they understand the material. They can also complete online worksheets which can be submitted to their instructors for additional practice.
Lesson Body Tips:	<ul style="list-style-type: none"> • Provide enough detail that another instructor could teach this lesson based on the information in this lesson plan. • Include how the students will be grouped, approximate timeframes for each activity, and how technology will be integrated. • Describe where in the lesson sequence, and how, the instructor will model the target skills and/or tasks for the learners.
Differentiation (also see checklist below):	Click or tap here to enter text.

Percent and Change Lesson Plan

Topic	Lesson Information
Differentiation Checklist:	<ul style="list-style-type: none"> <input type="checkbox"/> Are teachers cued to adapt instruction for their specific learners? <input type="checkbox"/> Are there adequate supports to help teachers differentiate instruction to meet the needs of individual learners, including English learners and those with learning disabilities? (e.g., texts at different levels, broad topics or compelling tasks that allow teacher/student flexibility) <input type="checkbox"/> What kinds of choices are students able to make within the lesson plan (e.g., text selection, project topics or products)?
Assessment:	Students will complete an assessment with multiple-choice questions to determine if they have learned the material that was presented. They will be successful if they earn at least an 80 percent on the assessment.
Assessment Tips:	<ul style="list-style-type: none"> ● Describe the ongoing assessments that will be used to check learners' progress toward the lesson objectives. ● Describe the cumulative assessments that will measure the extent to which learners met the lesson objectives.
Lesson Conclusion:	Instructors should review lesson objectives with students and give them an opportunity to discuss their comfort level with the material.
Lesson Conclusion Tips:	<ul style="list-style-type: none"> ● Review lesson objectives. ● Provide an opportunity for student reflection. ● Connect to prior and future learning.
Lesson Extension, Homework:	Click or tap here to enter text.

Percent and Change Lesson Plan

Lesson Extension, Additional Enrichment/Practice Opportunities:	Click or tap here to enter text.
Key Shifts:	<ul style="list-style-type: none"> • Check to ensure that your lesson addresses the Key Shifts in the CCRS.
ELA Key Shifts (check all that apply):	<input type="checkbox"/> Text Complexity <input type="checkbox"/> Evidence <input type="checkbox"/> Building Knowledge
Math Key Shifts (check all that apply):	<input checked="" type="checkbox"/> Focus <input checked="" type="checkbox"/> Coherence <input checked="" type="checkbox"/> Rigor

Instructor Reflection Before the Lesson

Instructor Reflection Questions (to be completed before teaching the lesson):

- Are there opportunities to position students as experts on topics?
- What implicit bias might be reflected in the lesson or instructional design of the lesson?
- Were sufficient instructions on the use of digital tools provided and do students have an opportunity to practice?
- Were students provided with the opportunity to make choices regarding the lesson topic, project, etc.?

Instructor Reflection After the Lesson

Instructor Reflection Questions (to be completed after teaching the lesson):

- What went well in the lesson?
- What did not go well in the lesson?
- Did the learners meet the lesson objectives? If not, why?
- What changes should be made for next time the lesson is taught?
